About All Ability

All Ability Building and Development is a Canberra based construction and property development firm with a national footprint, specialising in the design and delivery of fit for purpose Specialist Disability Accommodation (SDA) and Supported Independent Living (SIL) lifestyle homes for NDIS Participants. With over 60 years of combined experience across the construction, project management, and building consultancy sectors, All Ability has delivered more than 250 SDA projects nationwide, with many more in the pipeline. The firm is recognised as a pioneer of the 'Participant first' model, crafting homes tailored specifically to incoming Participant requirements, and it is due to their consistent delivery of high-quality solutions that we have forged a long standing and trusted partnership over recent years. All Ability sets itself apart through their disciplined focus on risk mitigation, cutting-edge building techniques, and carefully selected land acquisition strategies. Having been in the NDIS space since its inception, All Ability has earned a strong reputation for delivering quality projects, consistent communication, and Participant satisfaction. It is this depth of specialist experience, proven track record, and genuine commitment to the disability community that makes All Ability our preferred SDA building partner.

About Tony Barber

Tony Barber is Founder and Director of All Ability Building and Development, bringing over 30 years of experience as a builder, developer, property and building consultant, over seven of which have been dedicated exclusively to the NDIS/SDA sector. He is a well-regarded figure in the Australian disability housing landscape and his passion lies in designing, project managing, and developing advanced building systems and lifestyle homes that are faster to construct, more energy efficient, more robust in construction and uniquely purpose-built for our incoming Participants. Tony's hands-on leadership, deep understanding of SDA compliance and design standards, and extensive network across the NDIS ecosystem - from investors to architects and SDA assessors - uniquely positions him to oversee our complex SDA builds from concept through completion. It is this combination of decades long construction expertise, specialist NDIS knowledge, and genuine commitment to improving housing outcomes for people with disabilities as well as our rehabilitation Participants that underpins our decision to appoint Tony Barber as project manager for our commercial and residential builds.
